PROGRAM

Learning Objectives:

At the conclusion of the activity, the participant should be able to:

- 1) *Update the 2016 WHO classification of tumors of the GU system, including prostate, bladder, kidney and testicular cancers*
- 2) *Develop a systemic approach to the pathologic diagnosis of tumors of the GU system*
- 3) *Provide evidence-based guidance on the diagnosis of clinically relevant, new entities in the 2016 WHO classification system*
- 4) *Improve the effectiveness of using immunohistochemical markers in differential diagnosis and classification of tumors of the GU system*
- 5) *Identify new developments in molecular and genomic tests as prognostic and predictive markers for prostate and bladder cancers*
- 6) *Recognize the strength and weakness of various molecular tests*
- 7) *Discuss how to interpret renal biopsies for kidney tumors with immunohistochemical stains*
- 8) *Discuss pathologists' role on watchful and waiting protocol of prostate biopsies*
- 9) *Discuss challenging cases with internationally recognized GU pathology experts.*

Needs Assessment: The participants are expected to improve their diagnostic skills in various reproductive and urinary diseases and tumors. This will increase their knowledge about recent developments in genitourinary pathology. This knowledge will improve their confidence, in handling these diagnostic problems and will lead to accurate diagnosis, improved quality of reports and better outcome for the patients.

Target Audience: This activity is designed for physicians, educators, fellows and residents, physicians assistants, and any other health care professionals.

Educational Methods: The program format will consist of didactic lectures with Q&A and discussions. Handouts will be provided.

Evaluation: Evaluation by questionnaire will address program content, presentation, and possible bias.

Accreditation: This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of Texas Medical Association (TMA) and the Houston Society of Clinical Pathologists. The TMA is accredited by the ACCME to provide continuing medical education for physicians.

This activity also incorporates the **Self-Assessment Modules (SAM)** Credits required by the American Board of Pathology's Maintenance of Certification (MOC) Program. Physicians may claim up to 7.0 SAM credits for this activity. Claimed credit should commensurate with the extent of participation in the activity.

Credit Designation: The TMA designates this educational activity for a maximum of **7.0 AMA PRA Category 1 Credits™**. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Policy on Disclosure: In order to meet the requirements of the ACCME it is the policy of The TMA that all individuals who are in a position to control the content of a CME activity (activity director, planning committee members, and faculty) disclose relevant financial relationships with commercial interests. All identified conflicts of interest are managed to help ensure that the educational material is scientifically based, accurate, and objectively presented. Faculty are also required to disclose any discussion of off-label or investigational uses of any commercial products or devices not yet approved in the United States. Specific disclosure will be made to the participants prior to the educational activity.
